Through:
The Inspector General of Police in Mysore, Bangalore.

Subject:-REDUCTION IN THE A.R.P. ESTABLISHMENT.

Sir,

I have the honour to invite your kind reference to Serial Number 12 of the statement of reduction proposals, viz., of a Mechanic in the City Control Room and to state that the General Superintendent, Cauvery Power Scheme, in his letters No.24740 dated 15-5-43 and No.25863 dated 2-6-43,(copies enclosed) explains the necessity for the retention of the services of the Mechanic to look after the Sirens installed in the City.

I therefore solicit sanction of Government to continue the services of the Mechanic for a further period of 6 months with effect from 15-5-1943.

8 JUN 1943 GOVT. OF MYSORE

Letter No.24740 dated 15th May 1943, from the General Superintendent, Cauvery Power Scheme, Bangalore, to the A.R.P. Officer, Bangalore City.

REDUCTION IN THE ARP ESTABLISHMENT.

In continuation of this office letter No.24033 dated 6th May 1943 on the above subject, I have the honour to inform you that the Superintendent, Power & Lighting, Bangalore, brings to it to my notice that as the sirens have to be maintained in an efficient condition, it is not possible to abolish the post of the Mechanic sanctioned for the purpose. As you are aware, the sirens are locally made ones utilising the materials that were readily available and therefore these require very frequent attention and adjustment if they are to function satisfactorily in an emergency. As they are spread all over the City, it is not possible for the Senior Operator single-handed to attend to them as frequently as is necessary to maintain them in an efficient condition. Therefore, I request you to kindly approach Government and obtain their sanction for the retention of the services of the Mechanic proposed to be dispensed with in your letter No.848 dated 28th April 1943.

However, as already intimated the services of the extra operators and the Mechanic have been transferred to the Department with effect from 15th May 1943, but as the services of a Mechanic are essential, I would request you to obtain sanction of Government thereto at an early date so that the Mechanic may be reposted for duty.

Letter No.25863 dated 2nd June 1943, from the General Superintendent, Cauvery Power Scheme, Bangalore, to the A.R.P. Officer, Bangalore City.

REDUCTION OF THE ARP ESTABLISHMENT.

With reference to your letter No.A.R.P:923/42-43 dated the 25th ultimo, on the above subject, I have the honour to inform you that the appointment of a Mechanic to work under the direction of the Superintendent, Bangalore Power and Lighting, is absolutely necessary if the A.R.P. sirens installed in the City are to be maintained in an efficient condition and this Department is to be responsible for its maintenance. I quite agree that the cost of the A.R.P. establishment should be reduced to a minimum, but so long as the sirens are to be kept in an efficient condition, the minimum staff will have to be maintained, and therefore, I consider that the post of the Mechanic that has been abolished be revived immediately.

I further confirm having spoken to you on this subject and I shall appreciate your kindly sending me your acceptance therefor, so that the appointment may be made, as the sirens have not been attended to for some time past.

Sir,

Continuance of mechanic to look after the Sirens in Bangalore City.

With reference to your letter No.W.403 dated 27th August 43 enquiring whether the machanic may not be reverted to the Electrical Department etc., I have the honour to state that Government have sanctioned the continuance of the above mechanic till the end of June 1944. As such no further action appears to be necessary.

I have the honour to be
Sir,
Your most obedient Servant,
